SUGAR remains at five cents, according to the last circular from Williams, Di-
mond & Co. to Messrs. Schaefer & Co., dated September 18. The circular is
as follows:

Our last circular was dated August 22d, showing advance in sugar prices on
that date.

SUGAR.—Prices in the local market have since been advanced, August 25th,
September 15th, and again September 15th, the Western Sugar Refining Co.'s lat-
est list for California, Oregon and Washington being as follows: Domains, half
barrels, 7.20c; boxes, 7.50c; cubes (A), crushed and fine crushed, 7.00c; powdered,
6.50c; candy granulated, 6.50c; dry granulated, fine, 6.50c; dry granulated coarse, 6.50c;
confectioners' A, 6.50c; magnolia A, 6.50c; extra C, 6.00c; golden C, 5.50c. Similar ad-
vances were made for export; price today for Nevada, Idaho, Alaska and the Ha-
waiian Islands being 6.50c for dry granulated.

BASIS.—August 22 to August 29, no sales; August 30, cost and freight sale, 500
tons, at 4.96c; August 31 to September 10, no sales; September 11, to arrive sale, 400
tons, at 5c; since which no sales, making basis for 90 degree centrifugals in New
York on that date 5c; San Francisco 4.5c.

NEW YORK REFINED.—No changes from July 15 until August 9, advanced
to 6c, equal to 5.94c net cash; since which no change reported.

LONDON BEETS.—August 22, 11s 9d; 23d, 11s 10d; 24th, 12s; 25th, 11s 10 1/2d;
27th, 12s; 28th, 12s 3d; 29th, 12s; 31st, 11s 8d; Sept. 1, 11s 8 1/2d; 5th to 8th,
11s 6d; 10th, 11s 4 1/2d; 11th, 11s 5d; 12th, 11s 4 1/2d; 13th, 11s 6d; 14th, 11s 7 1/2d; 15th
to 17th, 11s 8d.

STOCK.—Willitt & Gray report Sept. 13, total stock United States four ports
in all hands, estimated Sept. 12, 61,415 tons, against 174,754 tons same time last
year; six principal ports Cuba estimated September 11th, 6,200 tons, against 24,600
tons last year. Total stock in all principal countries by cable Sept. 15th, at latest
uneven dates, 259,216 tons, against 341,493 tons deficiency under last year, 341,290
tons. Total sugar crops of the world estimated grand total cane and beet sugar to
Sept. 13th, 8,239,777 tons, against 7,992,982 tons; estimated increase in the world's
production, 238,655 tons.

EASTERN AND FOREIGN MARKETS.—The Eastern market during the past
month has remained quiet but firm with few transactions, scarcity of supplies of
cane sugar being a marked feature of the situation. A few sales of Russian crys-
tals have lately been reported, but buyers are still very numerous and sellers are
not disposed to part with the few holdings remaining. In Europe the general po-
sition remains statistically very strong, extreme quietness, however, ruling in the
market, although there has been a sharp demand for August beet to cover pre-
vious "bear" sales. The fluctuations in this delivery being frequent, transactions
follow with little confidence and will probably remain upon a most limited scale
until the August deliveries are completed. Prices of new crop sugar have not
been affected by these changes, but sellers are less willing to offer, doubtless in
consequence of reports from certain districts of insufficiency of rainfall. It is
thought that the quantity of Javas remaining for later shipment in this season is
likely to be smaller than in previous years, which, with the still prevalent rains
there, have disappointed purchasers of July and August cargoes, and have likewise
reduced the yield. In the estimation of Messrs. Czarnikow, Macdonnell & Co. as
regards supplies for the coming year, it would seem that although the new beet
crop may give us 500,000 tons more than last year, and the cane crops, especially
those of Cuba and Louisiana, promise to be larger, this will to some extent be
offset by the fact that we will begin this new season with 40,000 tons less than
last year, and an increase in the world's consumption. Czarnikow's Weekly
Price Current, under date of London, August 30, reports September beets at 11s
2 1/2d to 11s 3d to 11s 3 1/2d to 11s 3 1/2d to 11s 3 1/2d; October/December, from 9s 3d
to 9s 1 1/2d.

Our latest telegram from New York September 18th: "No sales centrifugals;
granulated, unchanged; beets, unchanged."

WHEAT (per cwt. F.O.B.)—Chicago, 11 1/2; milling, 11 1/2.

RICE.—Hawaiian.—There is a small stock in the market, which is being offered
at 4 1/2c and meets with slow sales at this figure. New Orleans—New crop is be-
ginning to arrive; we quote 3c to 6c, according to grade. China—Is firm at \$4.20
per two mats. Japan—In light demand at \$4.95, six days, duty paid. The storm in
Texas destroyed considerable of the Southern crop; damage has not as yet been
ascertained, but it will probably have a tendency to strengthen prices.

COFFEE.—Hawaiian.—There is absolutely nothing being done in the market,
and although stock on hand is large, jobbers will not make even an offer. Stock
on hand today, 2,850 bags; this shows but about 200 bags increase over stock re-
ported by us in our last, although there have been large arrivals; considerable, how-
ever, has been shipped to the foreign market for sale there.

HUSBANDS WHO STAB

Another Case of Knife
Wielding.

WIFE ESCAPES NARROWLY

Police Say There is a Curious Epi-
demic of This Sort of
Crime Now.

WHEN native husbands grow angry
with their wives nowadays they
assault them with knives. For-
merly the mode was to use a chair or
club or calabash, but since Pueo killed
his wife some weeks ago a veritable epi-
demic of knife-wielding seems to have
begun.

The police have been astonished at the
many cases of this sort, and Hawaiians
who have noted it claim that the crime
of Pueo has exercised a weird influence
on husbands of the temperance.

Deputy Sheriff Chillingworth com-
mented on the subject yesterday. He said
that the many cases of stabbing and cutting
of wives might be attributed possibly to
the constant talk among the natives of
Pueo's recovery after a desperate at-
tempt at suicide and to the discussion of
the pros and cons of the cause he had
for killing his mistress.

Yesterday the wife of Kaeha, who lives
at Mollili told a fearful story to the
Deputy Sheriff of a brutal husband's
deeds and asked that the police depart-
ment apprehend him.

On Tuesday evening Kaeha came home
somewhat intoxicated and began to com-
plain about everything in the house, end-
ing his forcible arguments by breaking up
the furniture. In the house at the time
was a sick son of the couple. He was
confined to his bed and barely able to
move about.

Kaeha at length ordered the wife out
of the house with her children, including
the sick one. She protested against such
a course and begged to be allowed to re-

main in the house overnight and in the
morning she and her children would find
another roof to cover their heads.

This angered the husband and he began
a brutal assault upon her. Going to the
kitchen he possessed himself of a keen
butcher knife. Blinded by passion and
drunk with swipes, he chased his wife
around the house endeavoring to plunge
the weapon into her body. The sick
son, seeing his mother's danger, arose
with an effort and just as the angry hus-
band reached his exhausted wife and
made a lunge at her, the son caught his
arm and the blade fell to the floor.

He was not quick enough to save the
woman, for the point of the knife entered
her left arm below the shoulder and,
ranging downward, made a small wound.

Leaving the house, the woman went to
the nearest telephone and called for the
police. Captain Kane responded, but
the husband had fled when he arrived.

A mounted police officer was sent in
search of the man yesterday, and his
whereabouts were ascertained late in the
afternoon.

The police are of the opinion that if an
example was quickly made of Pueo there
would be less danger of others of his
countrymen making desperate attempts to
follow in his footsteps.

Kaeha was brought to the station house
last evening and charged with assault
with a deadly weapon. He was asked if
he was a relative of Pueo, the wife mur-
derer. He scratched his head and replied,
"Well, I don't think I'm a relative of his,
but I think I must have some of his blood
in my veins." He admitted having at-
tempted to kill his wife, but claims he
was drunk at the time and did not know
what he was doing.

CURED OF CHRONIC DIARRHOEA AFTER THIRTY YEARS OF SUFFERING.

"I suffered for thirty years with
diarrhoea, and thought I was past be-
ing cured," says John S. Holloway of
French Camp, Miss. "I had spent so
much time and money and suffered so
much that I had given up all hopes
of recovery. I was so feeble from the
effects of the diarrhoea that I
could do no kind of labor, could not
even travel, but by accident I was per-
mitted to find a bottle of Chamberlain's
Colic, Cholera and Diarrhoea Remedy,
and after taking several bottles I am
entirely cured of that trouble. I am so
pleased with the result that I am an-
xious that it be in reach of all who suffer
as I have." For sale by Benson, Smith
& Co., Ltd., wholesale agents.

when he finds himself hopelessly bank-
rupt."

sist upon having the dressmaker in to

ting home from the seashore?"
